

Waste Reduction and Recycling Pathway Step 5 (Reflection and Celebration)

Complete all the “mandatory” items and at least one of the “reach for the stars” items below. Please check boxes next to items when the items are accomplished.

Mandatory

- At least once a year celebrate the school’s accomplishments in waste reduction and recycling, and recognize the class(es), club(s) and/or custodian(s) that have led the school’s waste education and recycling program through rallies, awards, etc. ^A
- At least once a year, update all students, parents/guardians, faculty and custodians about the school’s waste reduction and recycling efforts (e.g. assemblies, classroom presentations, outreach, announcements, emails, staff meetings, bulletin boards, newsletters, etc.). As part of the update, reflect on the school’s progress and reassess its efforts and modify, as needed, the existing plan for future action.

Reach for the Stars

Check one or more from the list below:

- Recycled art project displays.
- Organize a swap meet among students.
- Organize an Earth Day Celebration.
- Create a Waste-Free Lunch Program with awards to recognize classes that excel in waste-free lunch.
- Other: _____
